

## **Why Vote For Josh?**

### **5) Josh Uses Teamwork and Collaboration**

I know Josh will work with people, not against them, to accomplish great things for the city. No more city council fights, let's get the people's business done.

### **4) Josh Has The Right Experience**

Not political experience, people experience. Josh has worked in residential property management, as well as advertising and marketing. Now, as a Minister at New Hope Fellowship Church, Josh has opportunities to walk with people through the most important moments of life. The ability to truly listen and understand is a vital skill.

### **3) Josh Believes in Community Service**

Josh believes that support of not-for-profit and charitable organizations, can improve the quality of life in our city. He believes that we must remove red tape, and support those organizations that contribute to our quality of life. These organizations preserve our history, enhance our health, engage our creativity, and strengthen our faith.

### **2) Josh Will Diversify Our Sales Tax Base**

Josh knows that today's retailers are looking to advanced, detailed demographic data to determine where to build their next location. We must provide demographic and geographic profile data to retailers to illustrate the vast opportunities available in our city. If we want to attract high-quality retail and restaurants, we will have to provide an advanced, data-driven plan that answers the question: "Why Springdale?"

### **1) Josh Will Enable Enforcement of Our Laws**

Springdale is facing a serious problem with gangs, graffiti, and property crimes. Josh will control this problem through the continued support of the Springdale Police Department's 287g Program, Crime Suppression Unit, and the Springdale Nuisance Abatement Partnership.

**On November 4th, vote Josh Jenkins to bring a New Day to Springdale Government.**
